KOMENTARI

- Sve pohvale za stručnost, angažiranost i ugodnu atmosferu!
- Svidio mi se entuzijizam profesora tijekom predavanja i kako je ponekad poticao studente na razmišljanje s pitanjima konkretno nama upućenima. Jedino što mi se nije sviđalo je odsustvo feedbacka na seminare, bilo bi dobro čuti je li rad bio dobro obrađen, jesmo li uspjeli u prepoznavanju poante rada itd.
- Puno primjera, dobra pokrivenost različitih skupina.
